## Origami Mouse Instructions

**1. Begin by turning the paper to this orientation.**

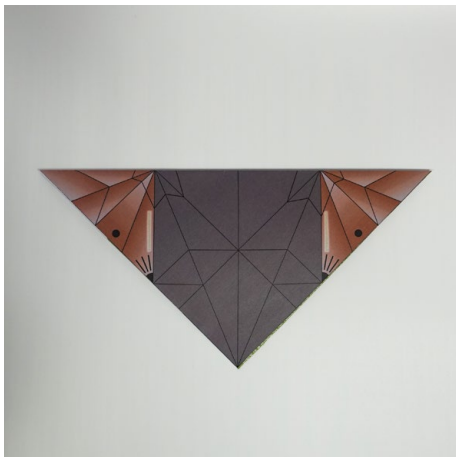

**2. Cut along the dotted line, leaving only the square template.**

**3. This is the front of our origami paper, the frog will end up being this colour. Note the orientation of the paper.**

**4. This is the back of the paper, this will not be visible on our final mouse.**

**5. Fold the top point down to the bottom point.**

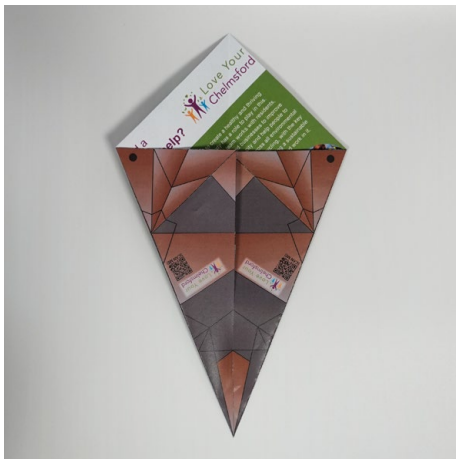

**6. Unfold the previous step.**

**7. Fold the right point over to the left point.**

**8. Unfold the previous step.**

**9. Fold the lower left and right diagonal edges to the middle.**

**10. Unfold the previous step.**

**11. Fold the top left and right diagonal edges to the middle.**

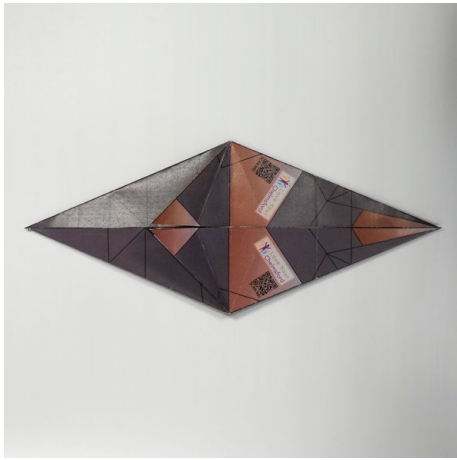

**12. Re-fold the lower right diagonal crease and pinch the right point outward.**

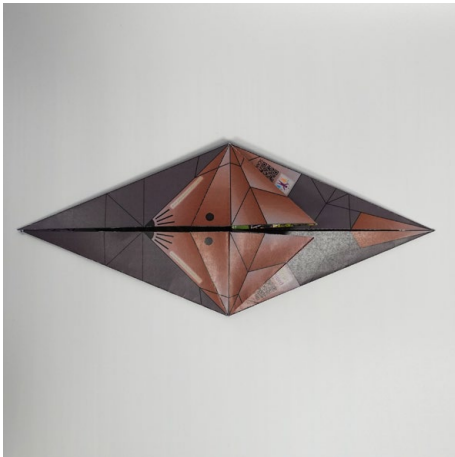

**13. Flatten the point upwards.**

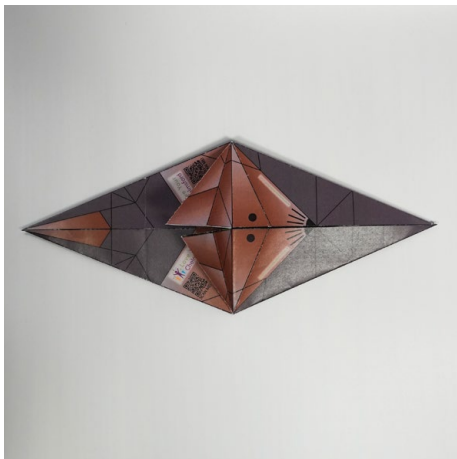

**14. Repeat the last 2 steps on the left side.**

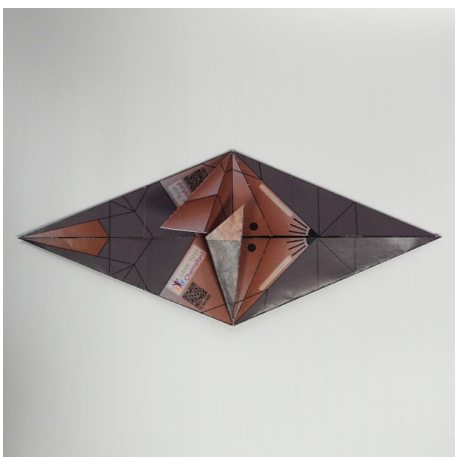

**15. Rotate the paper so that the front flaps are pointing to the left.**

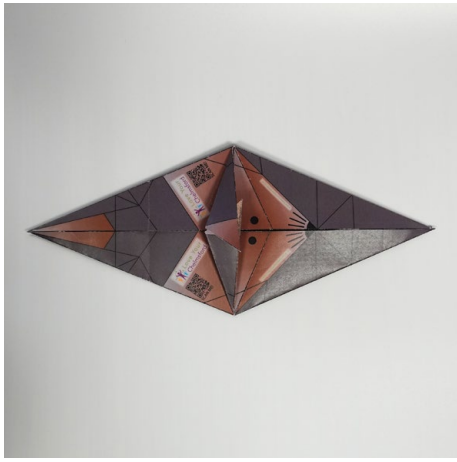

**16. Fold the 2 front flaps to the right.**

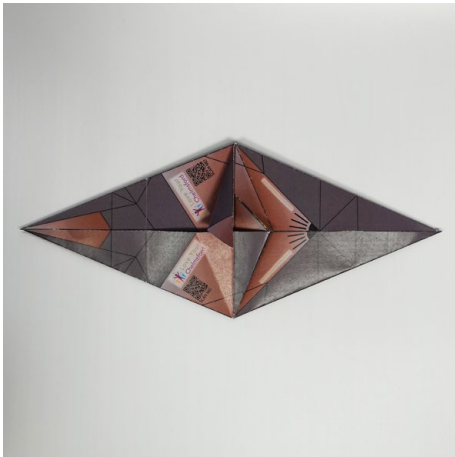

**17. Fold the 2 front flaps back to the left.**

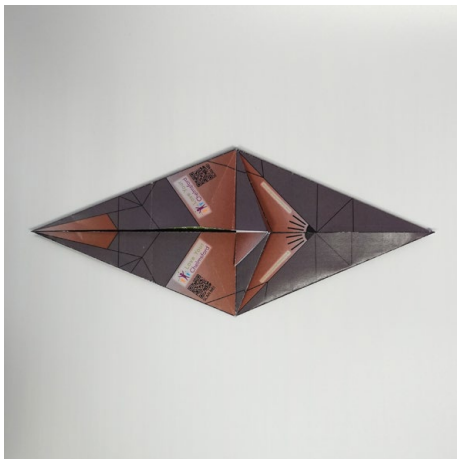

**18. Fold the lower flap diagonally to the right aligning with the central vertical crease.**

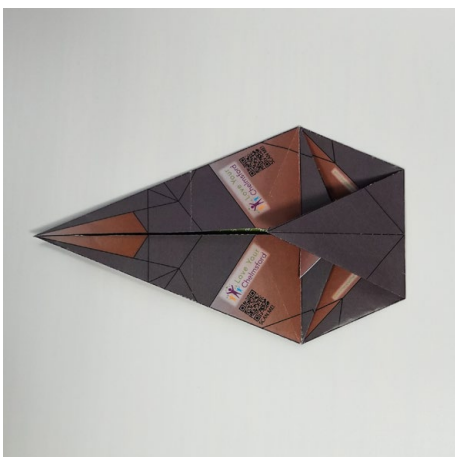

**19. Fold the upper flap diagonally down in the same way.**

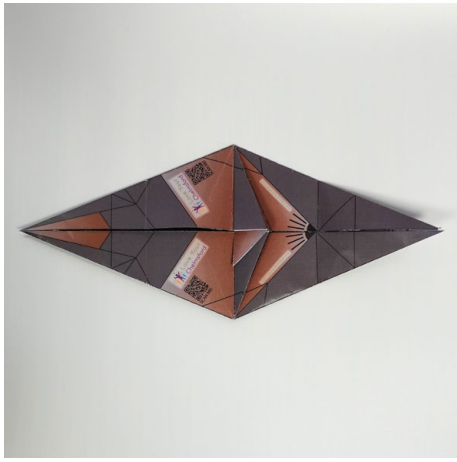

**20. Unfold the previous step and fold the lower flap to the right.**

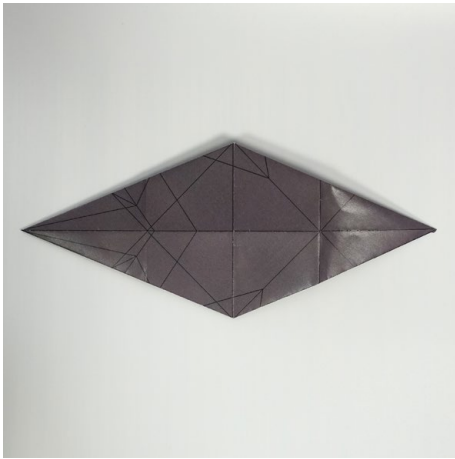

**21. Fold the upper flap over to the right so that it rests on top.**

**22. Fold the right point over to where the left-most diagonal creases come together.**

**23. Unfold the previous step.**

**24. Flip the paper over to the other side, keeping the crease you just made on the right.**

**25. Refold the previous crease to the left.**

**26. Fold the top right and bottom right diagonal edges in aligning with the central crease.**

**27. Fold the top section down in half.**

**28. Flatten the paper, and rotate to this position.**

**29. Fold the left point over to the right, using the pre-existing crease line and the lower right point as a guide.**

**30. Fold the flap back over to the left, leaving a gap as shown.**

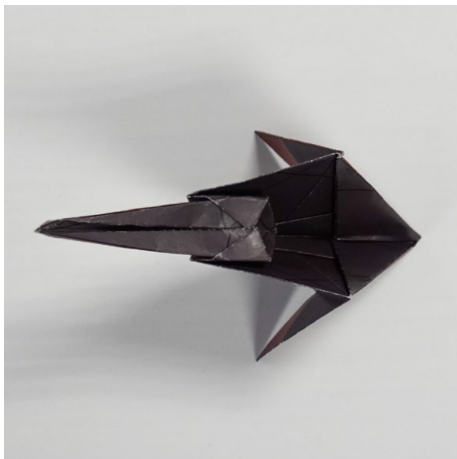

**31. Open the paper out to this position and reverse inside fold the last 2 creases.**

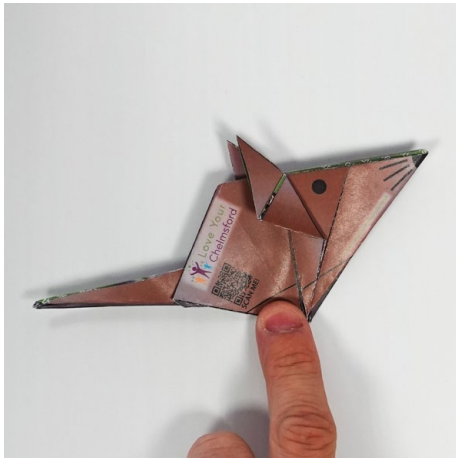

**32. Fold the paper back to this position.**

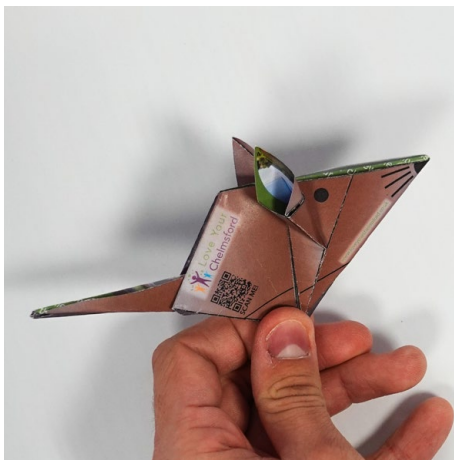

**33. Look under the mouse and fold the bottom of the tail underneath.**

**34. Fold the ears over to hide the grey colour.**

**35. Fold the ears backwards a little.**

**36. Using a finger or pencil, open the ears so they look rounded.**

**37. Fold the lower section under to give your origami mouse a flat base.**

**38. Your origami mouse is complete!**
